# 30<sup>th</sup> Anniversary Newsletter 2025 周年會員通訊 2025

The HKICW Annual Dinner 2025 Cum 30<sup>th</sup> Pearl Jubilee Anniversary Celebration which held on Wednesday, 8<sup>th</sup> January 2025 at the Grand Assembly Hall of TST YMCA was well attended by more than 200 members and guests. The Institution was honored by the presence of The Honorable Ms. Winnie HO, Secretary for Housing of the HKSAR, as the Officiating Guest of the event.

To echo this year's Presidential Theme "Improved Safety and Quality", President Mr. Alex HUI reviewed the Institution's efforts during the Session in rebranding the professional status of Clerks of Works among the public by launching various initiatives to enhance the image of COW. He highlighted the importance of site safety in the construction industry.

**This year's Presidential Theme "Improved Safety and Quality"**

**The Honorable Ms. Winnie HO signed the attendance board in the reception area**

**President and Council members welcome the Honorable Ms. Winnie HO to arrive the conference hall**

The Honorable Ms. Winnie HO delivered a heart-warming speech to members and guests. She often exchanged views with the construction industry and shared her interaction with the Clerk of Works. When she first started in the construction field in the government, she was curious and the meaning of the term "COW" and the role of "COW" in the building construction team. The first project in Architectural Services Department (ASD) that she participated has made her fully aware the importance of project supervision which can ensure that what have shown on the drawings can be practiced in reality and avoid making mistakes.

*The Honorable Ms. Winnie HO delivered a heart-warming speech to members and guests on the occasion*

*Guests and council members took a group photo*

*The Honorable Ms. Winnie HO accepted souvenir from President*

*Music performance by Ir. LO Wai Kwok in the dinner*

*The group photo of current council members in 2023/2025*

Ms. Winnie Ho said that the government still tender out / carry out a lot of projects in the future, and they are very grateful for the support of the project supervision team in government projects. She expressed that COW act not only as the role of goalkeepers and chasers in a football game, but also a strong assistant in the concerned construction teams, helping them to improve the safety and quality of the construction sites and collaborate with the concerned departments to solve the problems that may be encountered in the project and optimize the work in progress.

This unforgettable evening wouldn't have been a success without the support and presence of our guests and members.

8/4/2025 Celebrate CABE's 100<sup>th</sup> Anniversary

## The award presentation ceremony of Honorary Fellowship Certificate to Mr. Jason Shin

The highly esteemed Honorary Fellow is awarded to Mr. Jason Shin for his 30 years' heartfelt contribution to HKICW. The award presentation ceremony was held after the 6<sup>th</sup> HKICW Council (2024/26) meeting on 14/03/2025.

Mr. Jason Shin was graduated from the Hong Kong Technical College in the 1960s, and then he was offered a job in the Wong and Tung Associates as an Architect Assistant as the leader of a drafting teams. Since then, his career has spanned many different famous consultation firms and building owners which including the Chinese University of Hong Kong, Hong Kong and Shanghai Banking Corporation, Hong Kong Electric Group, Prime Engineering Consultant Limited and Hsin Yieh Architect & Associates Limited.

Mr. Jason Shin started his career as Clerk of Works in the Chinese University in the early of 1970s. He became a member of Institute of Clerks of Works of Great Britain Incorporated (HK Branch) in 1980s and he has been one of active council member of ICW(HK Branch), from 1980s and he also played an active role in setting up the Hong Kong Institute of Clerks of Works in the 1990s. Mr. Jason Shin reckons that his working experiences as well as serving as a council member of ICW(HK Branch) and HKICW has helped him to be a competent Clerk of Works. Mr. Jason Shin joined the Chinese University as COW before his retirement.

Mr. Jason Shin took part in constructing many well-known building projects in Mei Foo Sun Chuen, Sheraton Hotel, South Horizons, Fortress Garden, the first National Citibank and a large scale of building maintenance works in construction field.

One of the most memorable project for Mr. Jason Shin was the construction works of Fanling Chien Ai Hospital. The open ceremony was chaired by Sir Robert Black, in the 1960s.

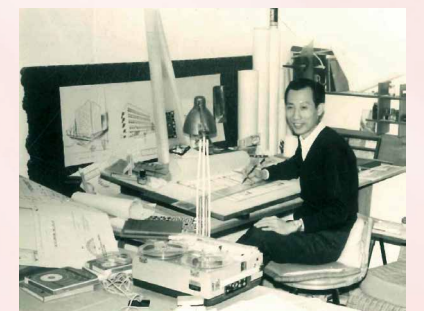

Mr. Jason Shin was not only an excellent Clerk of Works, but also a brilliant manager who fully understood the requirements of management in the construction team.

Last but not least, we must express our gratitude to Mr. Jason Shin for his hard work, staunch support and guidance to our Institution.

Reported by: HF Ng

Mr. Jason Shin attended the open ceremony in Fanling Chien Ai Hospital, which was chaired by Sir Robert Black in the 1960s.

Life time of Mr. Jason Shin worked in private job in progress

Mr. Wong Ching Lok (Founder President of HKICW) presents Mr. Jason Shin with his Membership Certificate in the 1990s.

Mr. Alex Hui presents Mr. Jason Shin with his Honorary Fellowship Certificate.

Mr. Jason Shin and council members took a group photo after the award presentation ceremony in the Council meeting.

# Appreciation message to our Honorary Member

Mr. WONG Wai Man, Raymond (王煒文先生)

We would like to show our special thanks to our Honorary Member, Mr. Raymond Wong, for his support by writing an article to the HKICW Year Book 2025. His Special Focus on “Preservation and Revitalization of Buildings with Heritage Value inside City Environments” was excellent. His contributions are invaluable.

Mr. Raymond Wong has been studying large-scaled building and infrastructure development projects in Hong Kong for more than 30 years. He was highly expertise in the application of techniques in the construction of complex structures such as super high-rise buildings, long-span structure, structural steel and composite structures, industrialized construction systems, and other civil engineering related works.

During his studies in the past years, he took a huge number of photos to record his works. He established a photo archive using his personal website in which he has uploaded more than 100,000 pieces of photos and other presentation materials, documented a number of construction and engineering projects as well as other topics related to urban development, in particular those in Hong Kong and in Mainland.

Mr. Raymond Wong joined the Hong Kong City University in 1992. After his retirement in 2020, he still continues his work on a voluntary basis as an independent researcher to follow-up all the major ongoing projects as he usually did before his retirement.

He said, this is a kind of contribution he believes that can benefit our profession in a long run as a whole.

## HKICW Seminar By Raymond Wong :

**Seminar Title:** A review of the construction of the Tseung Kwan O - Lam Tin Tunnel and the Cross Bay Link (CPD Code: 2024 0129)

Our Honorary Member, Mr. Raymond Wong, signed the attendance board and was welcomed by council member, Mr. Chan Kin-man, in the Annual Dinner 2025 Cum 30<sup>th</sup> Pearl Jubilee Anniversary Celebration.

**Date :** 29<sup>th</sup> January 2024 (Monday)  
**Time :** 7:00 to 9:30 pm.  
**Speaker :** Ir. Raymond Wong Wai-man, retired academic from City University of HK.

**Abstract:** The Tseung Kwan O - Lam Tin Tunnel project, including the Cross Bay Link, is of no doubt a mega highway project in recent years. In this seminar Raymond will focus on the construction of the main tunnel, the interchanges at both sides of the tunnel, as well as the Tseung Kwan O Cross Bay Link. He will highlight all the challenging works and features about this project that he learned from his study throughout the entire construction period from 2016 to 2022.

# Upcoming schedule for proposed CPD events from April to August 2025

Proposed schedule	Proposed title of joint CPD events
25 April 2025	Immersed Tunnel Technique
Mid of May 2025	暫定為 “Curtain Wall Performance Test”
28 May 2025	暫定為 “Experience Sharing of Water Hammer & Water Sampling”
End June / Early July 2025	暫定為 “香港海港發展及保育”
July / Aug 2025	暫定為 “Experience Sharing of Maintenance for Water Pump System and Associated Fittings”

持續進修課程內容及時間，如有更改，以實際通告為準！
